Hornby Speed Boats are the Leaders!

Nothing like the new 1933 Hornby Speed Boats has been known before in model speed boat construction. They are superb! Each model follows closely the design and general characteristics of the world's famous speed boats. All possible skill and ingenuity has been employed in the manufacture of these new speed boats.

Boys who insist on speed and efficiency, plus power and sustained length of run, will choose a "Hornby." There are five splendid models, ranging in price from 3/11 upwards, each attractively finished and available in three different colour combinations.

Perhaps the most outstanding features of these wonderful speed boats are the excellent streamlined hull and fine entry lines of bow giving greater speed. No less important is the amazing length of run due to the fine mechanism by which the boats are propelled, and the unique methods of construction of the hull. A specially designed propeller ensures that turn of speed so vital when competing in local speed boat races.
